About Me

EMAIL ME

What I'm best at/with

JAVASCRIPT **TYPESCRIPT** **REACT NATIVE** **EXPO** **NODE.JS** **EXPRESS** **SQL** **MONGODB**

Preferred tools

GIT **NPM** **VS CODE** **POSTMAN**

Other Knowledge

JIRA **MARKDOWN** **SEQUELIZE** **JQUERY** **HTML** **CSS** **PHP** **BASH** **C#** **JAVA** **WINDOWS SERVER**
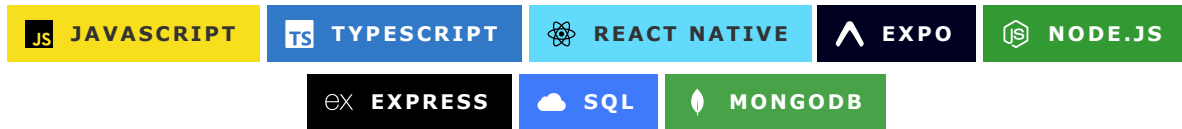

Currently Learning

BOOTSTRAP

My Projects

The Movie Survey App (2024)

My exam project. A mobile application that aims to help groups of people pick a movie to watch with a dating app -like vote mechanic.

Frontend

TYPESCRIPT **REACT NATIVE** **EXPO** **SOCKET.IO**

Backend

TYPESCRIPT **NODE.JS** **SOCKET.IO** **MONGODB** **AXIOS** **TMDB**

WorkouTracker (2023)

The combination of my passion for the gym and for development put together in a mobile application to keep track of workouts.
Built for a school project with Siro Bettini and Luca Comolli.

Frontend

JAVASCRIPT · REACT NATIVE · EXPO

Backend

JAVASCRIPT · NODE.JS · EXPRESS · MONGODB

Comparation of relational and documental DBs (2023)

A comparation between relational (MariaDB) and documental (MongoDB) databases in the context of a REST API built for employee profiling.

Built for a school project followed by Maurizio Di Florio.

NODE.JS · EXPRESS · MONGODB · MARIADB · SEQUELIZE
MONGOOSE · VEGA · AUTOCANNON
